

III. Amendments to the Drawings

Please replace Figs. 1-22 with the attached 7 sheets of formal drawings containing Figs. 1-22.

IV. Remarks

Reconsideration and allowance of the subject application are respectfully requested.

Claims 28-48, 50, 56-64 and 76-99 are pending in the application. Claims 28, 30, 56-57, 61, 98, and 99 are independent.

Applicants have added new Claims 76-99 to afford themselves a scope of protection commensurate with the disclosure. The new claims are fully supported in the specification and Drawings, and are believed to be allowable for the reasons to be developed below.

As requested by the Examiner, a new Abstract is being provided that has less than 150 words. As well, the Applicants are correcting a few minor typographical errors in the Specification. Formal drawings are submitted to replace the informal drawings originally submitted with the application. No new matter is added thereby.

The Examiner has allowed claims 28, 30, 31, and 61-64. Claims 29, 32-48, 50 and 58-60 now depend from allowed claim 28, directly or indirectly. As such, these claims are allowable. Similarly, new claims 76-97 are the same as claims 29, 32-48 and 50, but depend from allowed claim 30, directly or indirectly. As such, these claims are also allowable.

Claims 56 and 57 provide a lens adaptor and a lens and LED assembly, respectively, that corresponds with the inspection lamp of allowed claim 28. Similarly, claims 98 and 99 provide a lens adaptor and a lens and LED assembly, respectively, that corresponds with the inspection lamp of claim 30. As such, each of claims 56, 57, 98 and 99 are allowable.

In view of the above amendments and remarks, it is believed that this application is now in condition for allowance, and a Notice thereof is respectfully requested.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 625-3500. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

A handwritten signature in black ink, reading "Richard P. Bower". The signature is fluid and cursive, with the first name "Richard" and last name "Bower" clearly legible. The signature is written over a horizontal line.
